| Version Number. | N/A |
| Replaces or Supersedes | PROG 447 |
| Program Notice No. | PROG 98_25 |
| Dated | July 27, 1998 |

## Summary Information

The Education and Non-Profit Discount Program has been revised and updated to promote and encourage sales of Banyan products to universities, public and private colleges, community colleges, technical schools, secondary schools, and elementary schools.  This discount program also applies to local, regional and national not-for-profit organizations.

## Brief Program Description

The Education and Non-Profit Discount Program provides Resellers the opportunity to sell all Banyan manufactured software products and documentation to educational and non-profit organizations at significantly reduced prices. Excluded from this program are Hardware, Third Party Products, VIP, Banyan Certified Training and Training Kits, Consulting, and Support.

The Education and Non-Profit Discount Program provides the following benefits:

* Enhances Resellers ability to sell Banyan products
* Expands business opportunities within these organizations

# PROGRAM NOTICE 98_25

**Definitions:**

**Educational Institution** – Discounts apply to public and private educational facilities such as universities, colleges, community colleges, technical schools, secondary schools, and elementary schools.   Eligibility includes public or private schools that have regularly enrolled students in instructor driven classes. These are institutions that the general public can apply to. This program does not include corporate training centers or education/training centers engaged in the business of IT training for corporate clients or individuals.

**Non-Profit Organization** - Non-profit enterprises are devoted primarily to the larger public good.  Its sole purpose is to improve the quality of life as distinguished from an organization whose purpose is to make money. Their missions are diverse, but some of the greatest concentrations include education; human services (such as day care, elder care, food assistance, transitional housing, shelters for the homeless or for battered women, literacy training, drug and alcohol rehabilitation, job training); and health care. Other traditional non-profit activities include housing and community development, arts and culture, environmental protection, and research.

**Authorization Level**

Network Solutions Providers, Premier Network Integrators, Authorized Network Integrators, Aggregators, Distributors, are eligible to participate in the Education and Non-Profit Discount Program
